

Purchase Contracts - SKY Customer

Last Modified on 01/27/2023 2:58 pm CST

A Purchase Contract allows recording the agreed upon price, quantity, and delivery date of a commodity to be purchased from the customer.

The *Purchase Contracts* tab lists contracts by *Commodity* and *Contract Type*.

Selecting the **Eye** expands the line item to display the *Contract #*, *Location*, *Date Established*, *Contract*, *Received*, *Remaining*, and *Price*.
