

Scale Tickets - SKY Customer

Last Modified on 01/27/2023 3:00 pm CST

Scale Tickets are used to track product being received. Product must be weighed and recorded on a Scale Ticket and the Scale Ticket must then be attached to an Assembly Sheet.

Select the **Ellipsis** button to view Scale Tickets by *Ticket*, *Assembly*, or *Commodity*.

The *Scale Tickets* tab shows all Scale Tickets for the selected customer. The quick view information displayed includes the *Ticket #*, *Date*, *Commodity*, *Location*, *Gross Units*, *Net Units*, *Assembly*, and the *Farm*.

Selecting the **Eye** expands the line item to display the *Gross Weight*, *Tare Weight*, *Net Weight*, *Gross Units*, *Dock Units*, *Shrink Units*, and *Net Units*.
