

# Fields - SKY Customer

Last Modified on 08/28/2025 11:03 am CDT

## Overview

Fields can be viewed as cards or as a grid similar to an Excel spreadsheet. Select the icons at the top to switch between the two options.

Use *Search Fields* to search by *Field ID*, *Description*, or *Farm ID*.

Options under the **Ellipsis** are available after turning the *Selection* mode to *ON* and choosing one or more Fields.

- **Select All**
- **Deselect All**
- **Start Plan** ([Add a Plan](#))
- **Start Blend** ([Add a Blend](#))
- **Start Work Order** ([Add a Work Order](#))
- **Edit Tillage Type** – Select all Tillage Types that apply with the appropriate Field(s) selected and **Save**.
- **Add Crop Year** – Enter the 4-digit *Crop Year*, select the *Crop*, and optionally indicate the *Crop Chemistry*. Select **+ Add Crop** to add additional *Crop Years/Crops*.

### Add Crop Year

East, Long, WireEast, WireMid

Crop Year	Crop	Crop Chemistry
2022	Corn	

[Remove Crop](#)

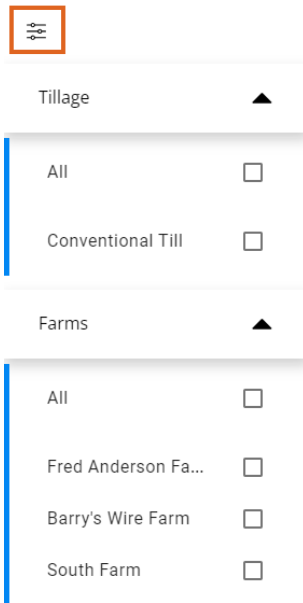

[+ Add Crop](#)

[Cancel](#) [Save](#)

- **Inactivate Field** – If the *Edit Field Information* permission is enabled in [SKY Admin](#), an option is available to set the Field's status to *Inactive*.

## Viewing Fields

Choose the **Filters** icon to narrow down Fields by Tillage and/or Farms.

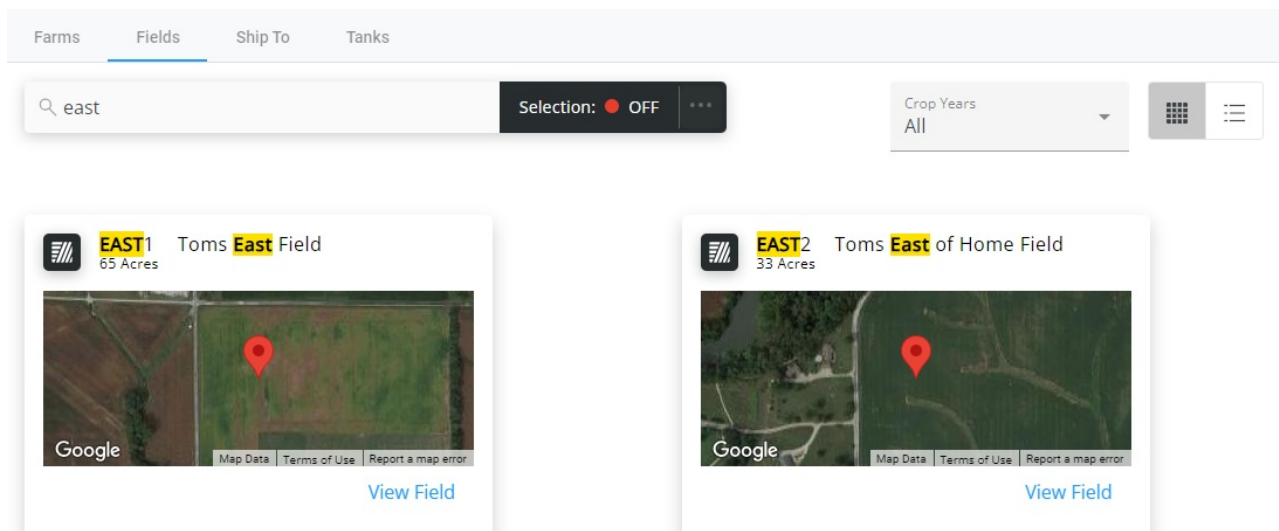

Filter for specific Crop Years by choosing from the *Crop Year* drop-down.

## Card View

The Fields associated with the selected customer display as individual cards which include a *Farm ID*, *Acres*, and any *Billing Splits* established with the Field.

Selecting the map expands the *Field* card to provide more options such as zooming and moving the map around.

## Grid View

The grid operates much like an Excel spreadsheet. For more on how the grid works, see [Using Grids in Agvance](#)

SKY.

When Fields are selected, the number of *Field(s) Selected* and the *Total Acres* display at the bottom of the screen.

The screenshot displays the 'Fields' tab for Barry Anderson. At the top, there are navigation tabs for 'Farms', 'Fields', 'Ship To', and 'Tanks'. Below this is a search bar for 'Search Fields' and a 'Selection: ON' indicator. A 'Crop Years' dropdown is set to 'All'. The main area is a table with the following columns: Field ID, Field Description, Farm, Field Size, Crop Year, Crop, Crop Chemistry, and Tillage. The table contains several rows, with 'East' and 'Long' selected. At the bottom, a summary bar indicates '2 Field(s) Selected' and 'Total Acres- 114.72'.

Field ID	Field Description	Farm	Field Size	Crop Year	Crop	Crop Chemistry	Tillage
BA-01	Behind Fred Anderson's House	AndFred	97.98 Acres	2023 2022 2021	Corn Hay Corn	-- -- --	Conventional Till
East	Barrys East of Waterway	SouthFar	81.01 Acres				--
Long	Barrys East of lane	SouthFar	33.71 Acres				--
WireEast	Wire East	BarbWire	60.57 Acres				Conventional Till
WireMid	Wire Middle	BarbWire	100.69 Acres				--
WireWest	Wire West	BarbWire	65.59 Acres				--

## Field Details

Information regarding the specific Field can be displayed by selecting **View Field** (in *Card View*) or by selecting the **Field ID** (in *Grid View*).

If the *Edit Field Information* permission has been enabled in **SKY Admin**, the *Field Description* and *Billing Splits* can be modified. Select the **Pencil** icon, make the needed changes, then choose the **Checkmark** to confirm the updates (or the **X** to discard the changes).

Customers can be added to *Billing Splits* by selecting **+ Add Customer**. A maximum of seven Customers can be selected. Choosing **Show Selected** displays the Customers currently selected to be included in the split (the Grower is not included in the Customer list).

### Customer Search

Search...

The Grower is not included in this customer list.
