

Customer Credit Analysis Report

Last Modified on 07/25/2022 3:55 pm CDT

The *WIP* column is the sum of the *Extended Cost* of loaded *Delivery Tickets*, the sum of the *Extended Cost* of loaded *Blend Tickets*, and the sum of the *Extended Cost* of open *PDOs*.

Note: The *Delivery Ticket Extended Cost* is calculated from the pricing on the ticket if it is priced. If the ticket is not priced, it is calculated using the department level cost at the time the ticket is saved. The *Blend Ticket Extended Cost* is calculated from the quoted pricing on the ticket if it is quoted or if it is not quoted, the *Quoting Basis cost* at the time the ticket is saved. The *Product Delivery Order Extended Cost* is based on the department level cost similar to the *Delivery Ticket Extended Cost*.
