

# Seed Bill To Ship To on a Delivery Ticket

Last Modified on 03/25/2024 8:32 am CDT

Optionally include the *Bag Size* and *Total LBS* on the Delivery Ticket printout.

To include the size of the bag and the total pounds on the Delivery Ticket printout, the *Format* must be set to *Seed Bill to/Ship to* at *Accounting / Setup / Location Preferences* on the *Delivery Ticket* tab. Selecting this format then includes column headings of *Bag Size* and *Total LBS* on the Delivery Ticket printout.
