Grower360 Grain - Agvance SKY Admin

Last Modified on 09/09/2026 7:52 am CDT

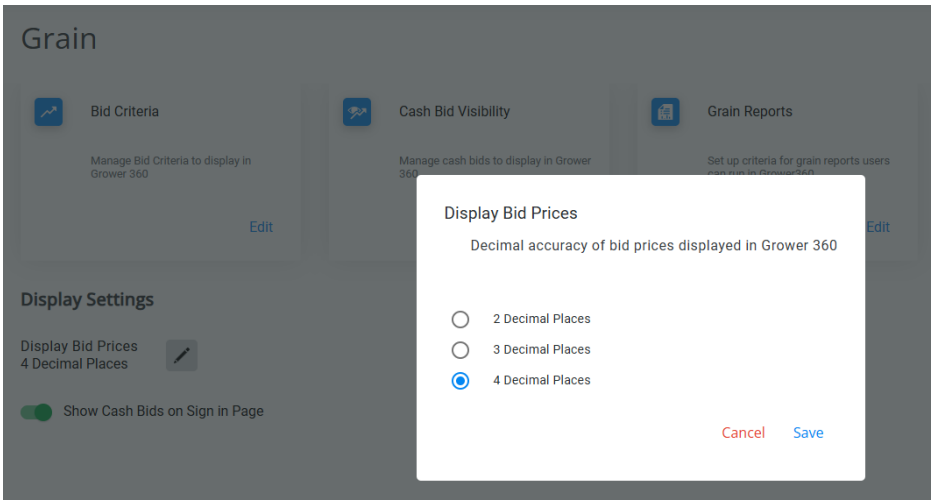

Manage Grain reports and Cash Bid setup at *Agvance SKY Admin / Grower360 / Operations*.

To see a video of Grower360 Setup in Agvance SKY Admin, see **here**.

Display Settings

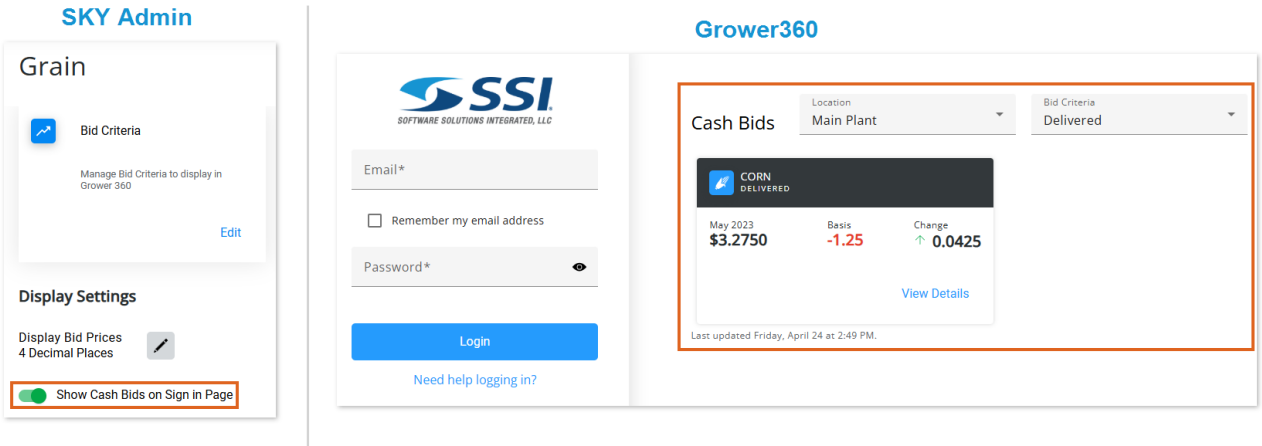

Display Bid Prices

Select the **Edit** icon on *Display Bid Prices* under *Display Settings* to choose the decimal accuracy of bid prices displayed in Grower360. The decimal accuracy for bid prices displayed in Grower360 can be set to two, three, or four decimal places. If a decimal accuracy is not selected, Cash Bid prices default to display four decimals.

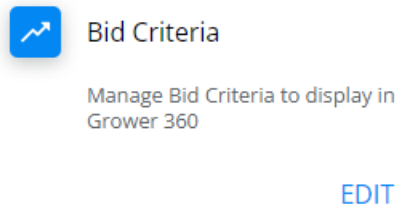

Show Cash Bids on Sign In Page

When the *Show Cash Bids on Sign in Page* option is turned on, cash bid information is displayed on the sign in page of Grower360.

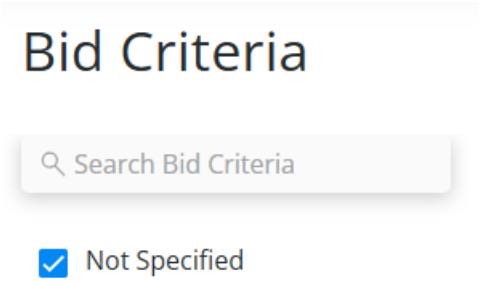

Bid Criteria

Selecting **Edit** on the *Bid Criteria* card displays the *Bid Criteria* page.

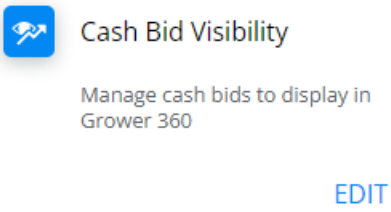

Here, the option can be unchecked for any bid criteria that is for internal use only. This prevents the information from displaying for customers in Grower360.

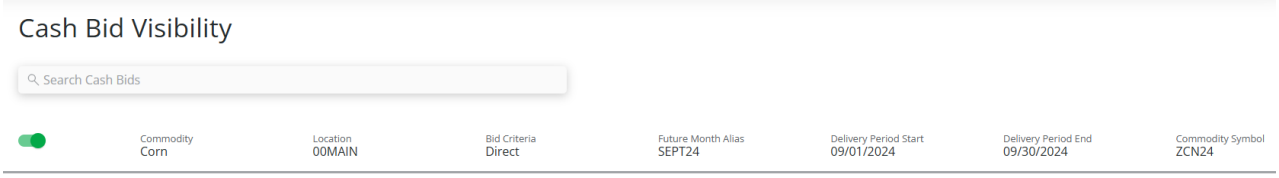

Cash Bids

Grower360 can be set up to display cash bids by selecting**Setup** on the *Grain* card. More information on Barchart and DTN setup can be found **here**.

Selecting **Edit** on the *Cash Bid Visibility* card displays the *Cash Bid Visibility* page.

The information displayed is pulled from the rows in the *Futures Price Setup* grid found in Agvance Windows Grain.

- The individual pricing rows can be turned on or off to choose which prices to advertise.
- Each row must have a *Delivery Period Start* and *End* date as well as a *Commodity Symbol* for the pricing

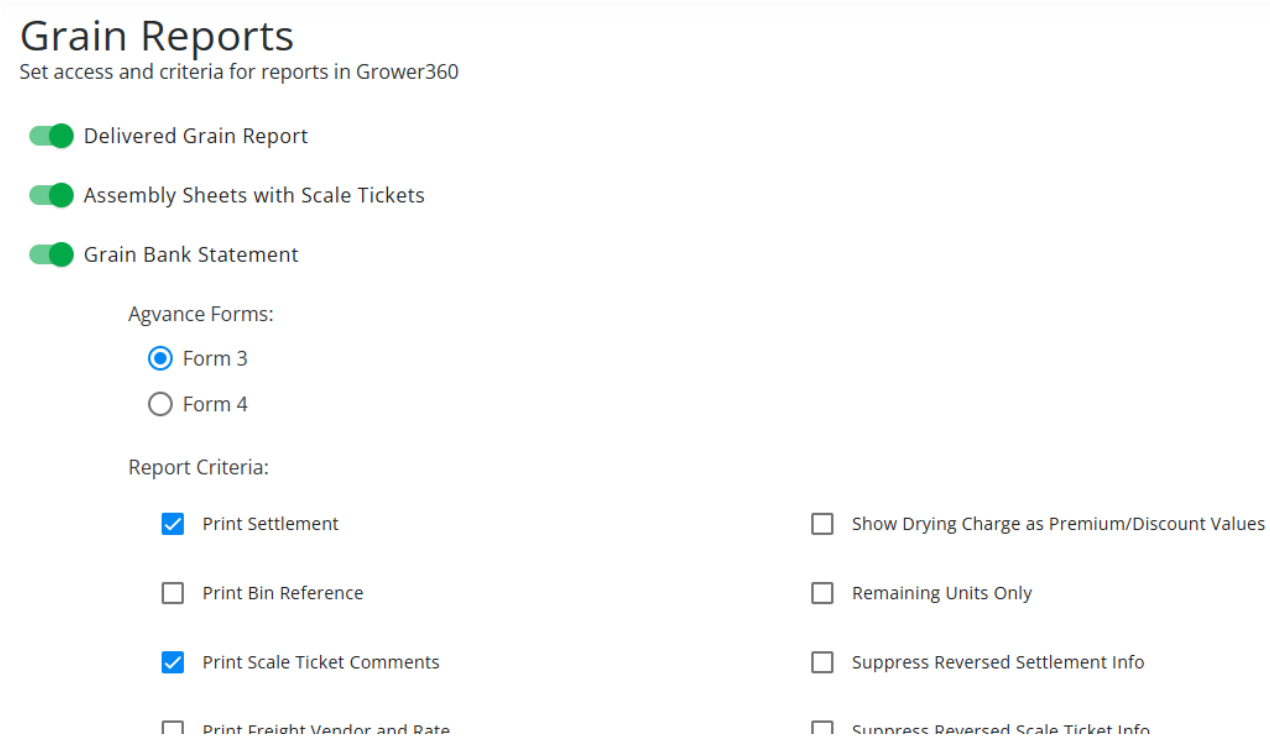

elements to display in Grower360.

Grain Reports

Select **Edit** on the *Grain Reports* card to set up criteria for Grain reports run in Grower360.

The *Delivered Grain*, *Assembly Sheets with Scale Tickets*, and/or *Grain Bank Statement* toggles on to allow Grower360 users to run and print their own respective reports.

When any of these options are turned on, a**Create Report** option is available in the upper right-hand corner of the *Grain* menu in Grower360. For more information on this, see the Grower360 Grain document here.

Note: The Grain Bank Statement report is only available for STLM Grain companies.
