Grower360 Account Reports - Agvance SKY Admin

Last Modified on 07/06/2026 2:26 pm CDT

Set up criteria for Account Reports at *Agvance SKY Admin / Grower360 / Finance and Reports*.

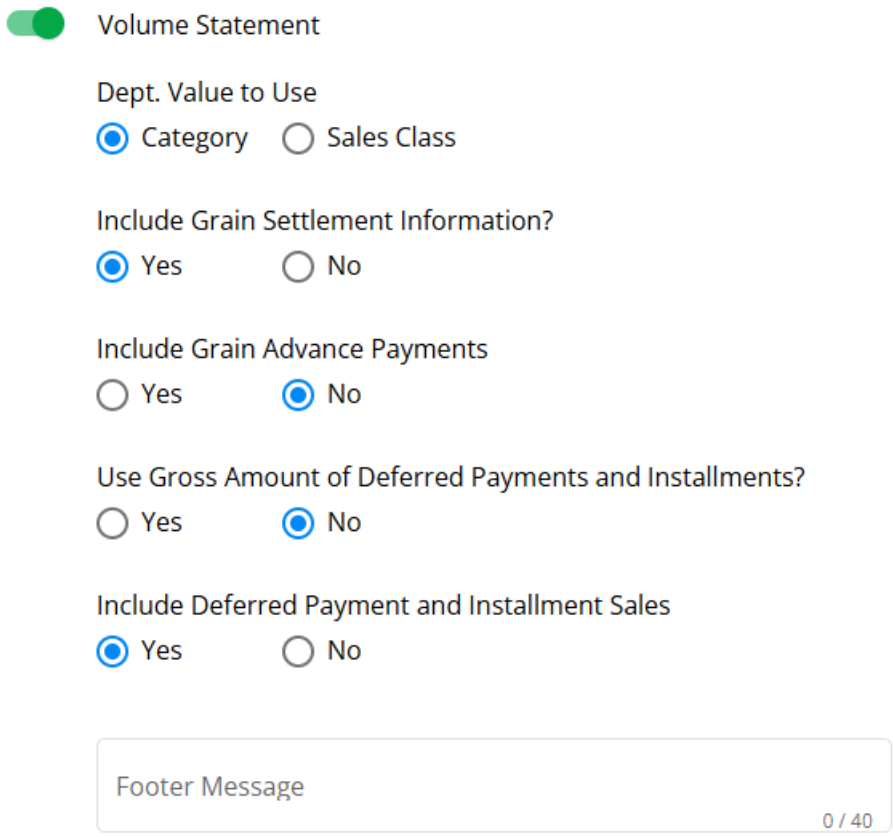

To see a video of Grower360 Setup in Agvance SKY Admin, see **here**.

Volume Statement

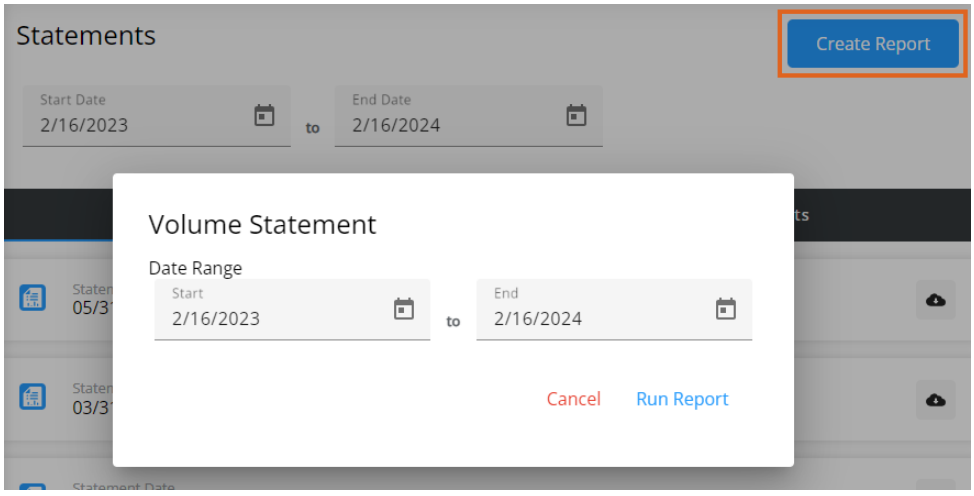

Note: Agvance Version must be at least 6.0.18420.

1. Turn on the *Volume Statement* report and set the report criteria.

   Note: Header information should be saved on the Agvance Windows *Report Criteria* screen and will be picked up when the report is run. If a header message is already in Agvance Windows, the information will display when the Grower runs the report.

2. In Grower360, Growers will need to go to *Statements* and select **Create Report**. Select the *Date Range* and choose **Run Report** then **Download**.

Note: Date ranges can extend over prior fiscal years.

3. The report will open in its own tab.
