Plan Approval Notifications in Agvance SKY and Grower360

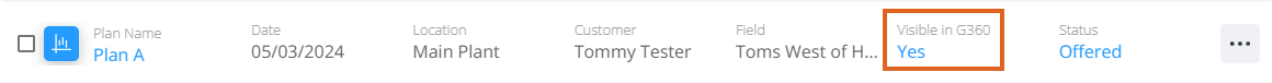

Last Modified on 07/06/2026 2:51 pm CDT

The following outlines the Plan approval process from start to finish including subscribing as an Agvance SKY User to the notification when a Grower interacts with the Plan.

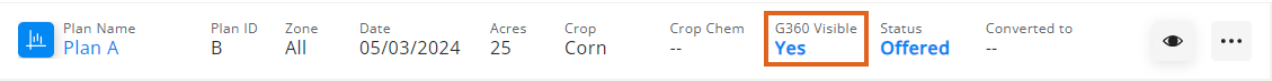

In Agvance SKY

Plans can be made visible to Growers in Agvance SKY Order or Agvance SKY Customer by selecting in the *Visible in G360* or *G360 Visible* columns respectively and choosing *Yes*. Additionally, Plans can be selected in bulk to change the visibility status on multiple Plans at once.

Agvance SKY Order

Agvance SKY Customer

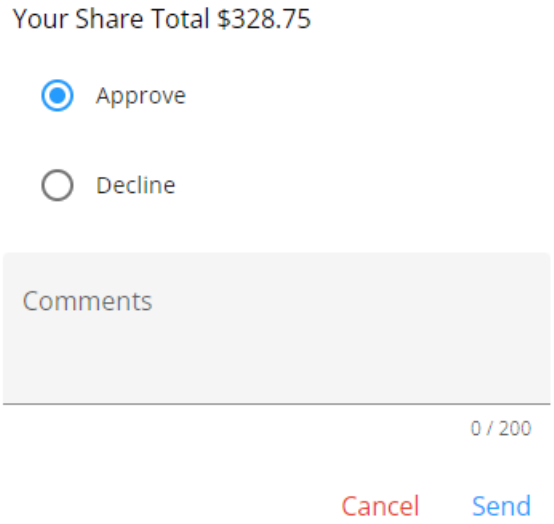

Once a Plan is set to *Yes*, it will be displayed in Grower360.

Grower360

Growers can see the Plan by selecting the **View Field** on the applicable Field.

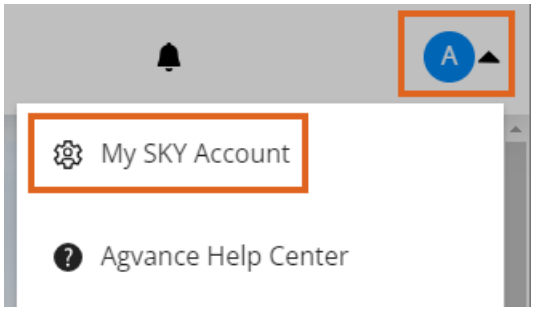

From there, choosing **Select** under *Response* gives the Grower the option to *Approve* or *Decline* and add any *Comments*.

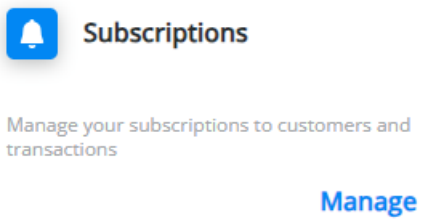

Agvance SKY Users can subscribe to receive notifications when a Grower approves or declines a Plan. This will update the *Response* column and send a notification to anyone subscribed to the Customer accounts on that Plan in Agvance SKY.

In Agvance SKY

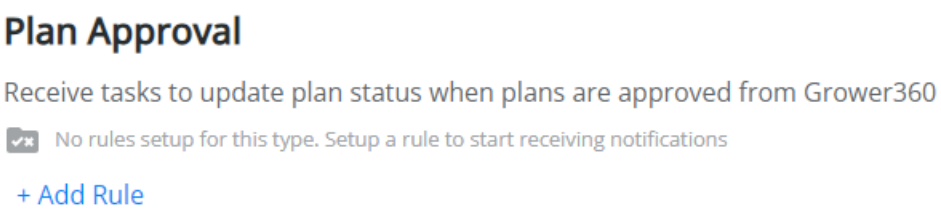

1. Go to the User drop-down and select *My SKY Account*.

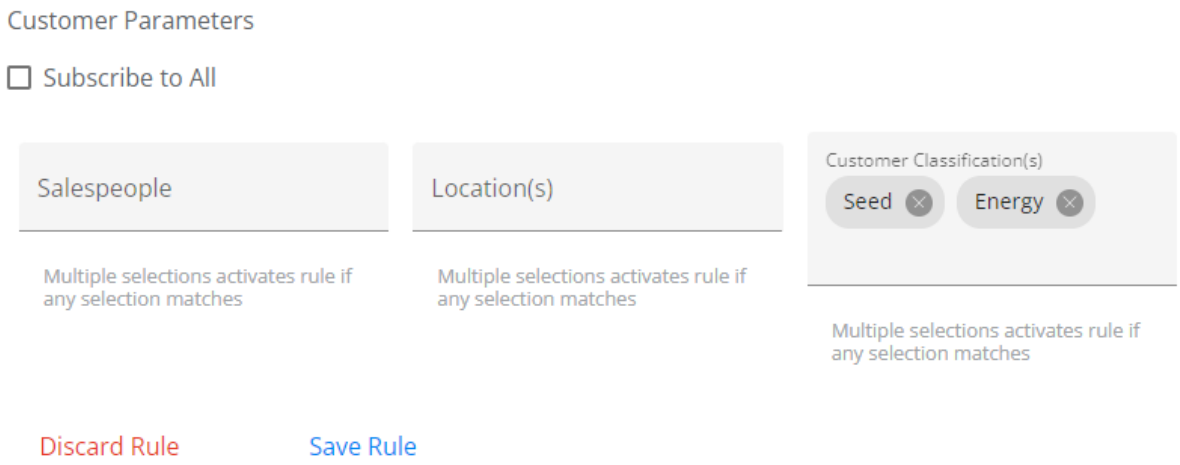

2. Select **Manage** on the *Subscriptions* card.

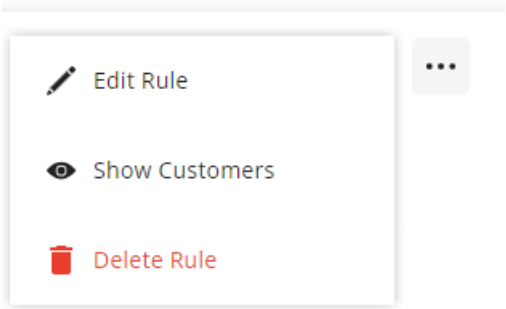

3. Under Plan Approvals, select **+ Add Rule**.

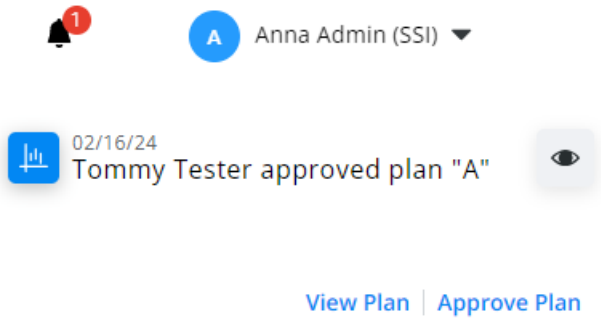

4. Select one or more *Salespeople*, *Location(s)*, and/or *Customer Classification(s)* by selecting in the respective field and choosing from the drop-down menu. Notifications will be received for customers falling into the parameters selected. Select **Save Rule** when finished.

5. Choose the **Ellipsis** icon to **Edit Rule**, **Show Customers**, or **Delete Rule**. Selecting **Show Customers** will give a preview of the list of accounts from which notifications will be received.

6. Once a Grower has approved or declined a Plan in Grower360, in Agvance SKY, a notification will show on the **Notifications** icon. Select the icon to see if the Plan has been approved or declined and view any comments the Grower included. From here, choose to **View Plan** or **Approve Plan** from the *Notifications* panel

Note: Selecting **View Plan** will open the Plan in Agvance SKY Customer where the *Status* can be changed to approved by selecting in the *Status* column and updating from the pop-up. Selecting **Approve Plan** will update

the *Status* of the Plan in Agvance SKY and Grower360.
