

Lot Number Validation

Last Modified on 03/26/2025 8:35 am CDT

Agvance has a department-level preference to warn the user or stop the transaction if Lot Number information is not present on the purchase or sale of products in that department.

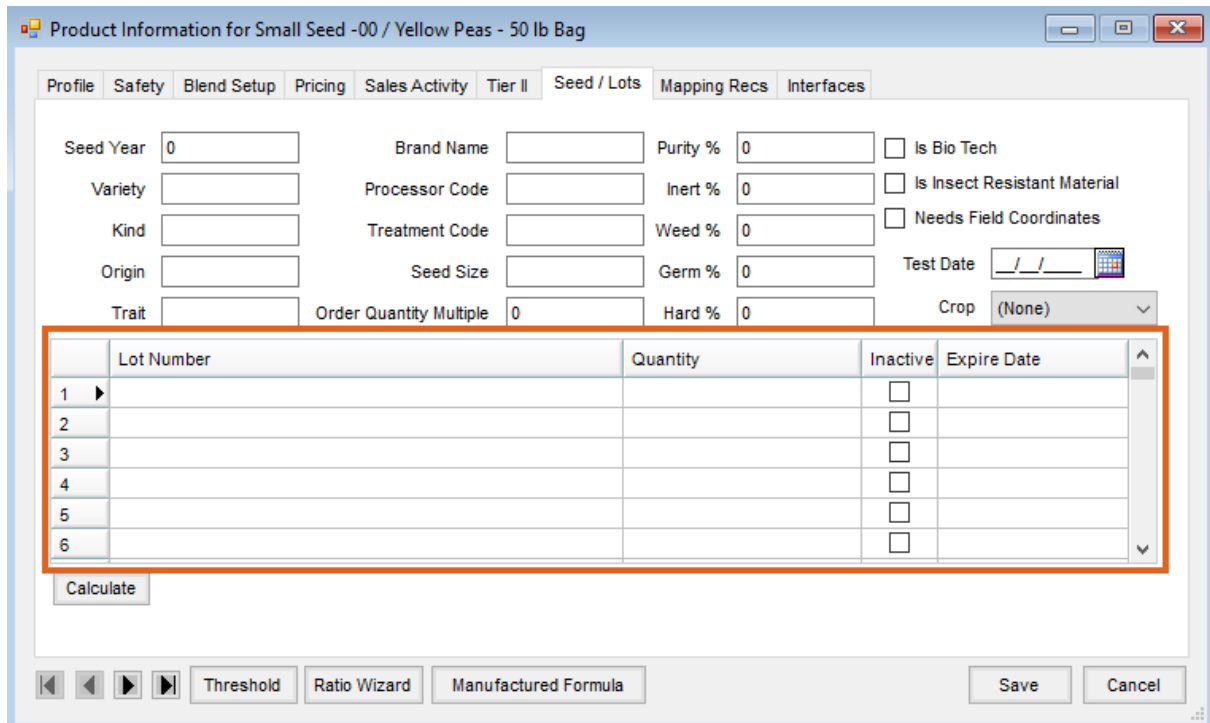

It is strongly recommended to turn this preference on to track Lot Numbers in Agvance. To set this preference, go to *Setup / Inventory Departments*.

Setting Lot Numbers for Product Already on Hand

If starting Lot Number tracking mid-season and there is already Product on hand, use the following procedure to adjust the amount on hand into the correct Lots:

1. Add Lot Numbers in the Product file. From *File / Open / Products*, choose the product and select **Edit**. Type the Lot Numbers into the *Lot Number* field on the *Seed / Lots* tab and **Save** the Product.

2. Make an Inventory Adjustment to zero the amount on hand. Add an Inventory Adjustment at *Accounting / Inventory / Inventory Adjustments*. Select the Product and adjust the amount on hand to zero by entering 0 in the *Physical* column.

Inventory Adjustment

Date: 05/16/2024 Use Lot Quantities

Adjustment Type: Physical Count

Notes:

Reference #: 120015 Calculation Type: Physical Count Difference

WARNING!! Adjusting to Physical (rather than Difference) when others are posting transactions to any of the listed items may have undesired results.

	<Product Name>	Balance	Physical	Difference	Units	% Change
1	▶ Yellow Peas - 50 lb Bag	1000.000	0.000	-1000.000	Bags	-100.0

Do Not Post JE Print on Save

- Adjust the amount on hand for each Lot. Add another Inventory Adjustment and check the *Use Lot Quantities* checkbox. Select each Lot for that Product.

Note: At the *Product Selection* screen, bring the Product into the *Shopping Cart* area. Right-click the Product in the Shopping Cart and choose *Select all lots*. Enter the quantity for each Lot and save the Adjustment. This will set the Lot quantities and also update the overall amount on hand.

Inventory Adjustment

Date: 05/16/2024 Use Lot Quantities

Adjustment Type: Physical Count

Notes:

Reference #: 120015 Calculation Type: Physical Count Difference

WARNING!! Adjusting to Physical (rather than Difference) when others are posting transactions to any of the listed items may have undesired results.

	<Product Name>	Balance	Physical	Difference	Units	% Change	Lot Number
1	▶ Yellow Peas - 50 lb Bag	0.000	250.000	250.000	Bags	N/A	SSI11A
2	▶ Yellow Peas - 50 lb Bag	0.000	550.000	550.000	Bags	N/A	SSI22B
3	▶ Yellow Peas - 50 lb Bag	0.000	200.000	200.000	Bags	N/A	SSI33C

Do Not Post JE Print on Save

- The Product file should now display the correct amount on hand and also reflect the Lot quantities upon selecting **Calculate**.
