

Edit Captured Totals

Last Modified on 05/12/2026 9:50 am CDT

Captured totals may be reviewed and edited in Patronage at *File / Open / Edit Captured Totals*. If a value is to be added for a Patron who is not displayed in the *Edit Captured Totals* window, using the drop-downs allows for different filtering options to display more Patrons and as well as adding or editing any of their Patronage Categories.

To edit the totals, double-click on the *Patron* line and enter the correct totals.

Note: Any manual changes to the Display Captured Totals window will not be saved if a recapture of the totals is done.

Double click on a patron's row to edit the captured totals for that patron.
Bold column headings indicate which number is used to calculate the patronage earned amount for each category.

	Patron Name	ABC Coop Earnings Dollars	ABC Coop Earnings Quantity	Chemical Dollars	Chemical Quantity	Dry Fertilizer Dollars	Dry Fertilizer Quantity	Drying & Storage Dollars	Drying & Storage Quantity
