

Agronomy Scale Location Preferences

Last Modified on 02/14/2024 9:38 am CST

These Location Preferences under the *Setup* menu in Agvance Scale Interface allow *Ticket Types* to be selected by Location. Only the selected types are available at the *Scale Ticket* screen.

SI Location Preferences

Location: 00MAIN

Ticket Type enabled per Location

- Unknown
- Blend Ticket
- Blend Ticket (VRT)
- Delivery Ticket
- Purchase Receipt
- Pass Through Blend

<Product Restriction Classification>

Save Cancel

- **Location** – Select the Location for the preferences being set.
- **Ticket Type Enabled per Location** – Select the *Ticket Types* to be available for the Location when entering Scale Tickets.
- **Product Restriction Classification** - Products available for selection in the Scale Interface module can be added to a Product Classification. When that Classification is selected in this area, only the Products in the selected Classification are available.
