

Agronomy Scale Reports

Last Modified on 02/16/2024 9:07 am CST

Navigate to *Agvance Scale Interface / Reports / Scale Interface Reports*.

Product Movement

This report shows the movement of product for a given date range. Optionally filter this report by *Location*, *Customer*, *Product*, *Imported Tickets*, *Transferred Tickets*, *Voided Tickets*, *In Process Tickets*, and *Date Range*.

The screenshot shows a software dialog box titled "Scale Interface Reports". On the left, there is a list of report types: "Product Movement" (selected), "Vehicle Throughput", and "Imported Scale Ticket Recon". The main area is titled "Report Criteria" and contains several fields: "Select Location" with a dropdown set to "All" and a "Select" button; "Select Customer" with a dropdown set to "All", a "Select" button, and a "Class" button; "Select Product" with a dropdown set to "All" and a "Select" button. There are also four status dropdown menus: "Imported" (set to "All"), "In Process" (set to "No"), "Transferred" (set to "All"), and "Voided" (set to "All"). To the right, there is a checkbox for "Scale Ticket Date" which is unchecked, and two date pickers for "Start Date" and "End Date", both set to "02/16/2024". At the bottom left, there are radio buttons for "Print" (unchecked) and "Preview" (checked), along with "Load Set" and "Save Set" buttons. At the bottom right, there are "OK" and "Cancel" buttons.

- **Select Location** – Choose specific Locations.
- **Select Customer** – Select specific Customers.
- **Select Product** – Choose specific Products.
- **Imported** – Select the imported status of the Scale Tickets.
- **Transferred** – Select the transferred status of the Scale Tickets.
- **Voided** – Choose the voided status of the Scale Tickets.
- **In Process** – Select the in-process status of the Scale Tickets.
- **Scale Ticket Date** – Select to enter a Scale Ticket date range for the tickets to include in the report.

Vehicle Throughput

The Vehicle Throughput report helps track the volume sent out on Scale Tickets for a specific vehicle.

- **Select Vehicle ID** – Select specific Vehicles.
- **Select Vehicle Type** – Choose specific Vehicle Types.
- **Select Vehicle Location** – Choose specific Locations.
- **In Process** – Select the in-process status of the Scale Tickets to include.
- **Scale Ticket Date** – Select to enter a specific date range for the tickets to include in the report.

Imported Scale Ticket Recon

This report shows the transactions where Scale Tickets have been imported. Only Scale Tickets that have been imported display on this report.

- **Select Location** – Select specific Locations.
- **Select Customer** – Specify Customers to include.
- **Select Weighmaster** – Choose specific Weighmasters.

- **Ticket Types** – Select the type of tickets to include in the report.
- **Include Voided Tickets** – If voided Scale Tickets should be included on the report, select this option.
- **Scale Ticket Date** – To filter the report by a Scale Ticket date range, select this option and enter the *Start Date* and *End Date*.
- **Scale Ticket Numbers** – Optionally choose to filter the report by a Scale Ticket number range. Enter a *Start* and *End* Scale Ticket number.
- **Primary Group By / Secondary Group By** – Select the grouping method for the information on the report.
