

Import Scale Ticket - Blended Product

Last Modified on 05/13/2026 3:02 pm CDT

Those who utilize Agvance Scale Interface and Blending have the ability to import completed Scale Tickets into Blend Tickets to update Product totals automatically and ensure inventory is relieved correctly.

1. Navigate to *Blending / File / Open / Blend Ticket*.
2. On the *Select a Blend Ticket* window, choose the desired Blend Ticket and select **Edit**.
3. Select **Edit to Actual**.
4. On the *Edit Ticket to Actual Scale* window, select the **Ellipsis** icon at the far right of the *Load* grid to open the *Select Scale Tickets* window.

Actual Scale Weights are in Kilograms

Enter actual scale weights

Load	Gross	Tare	Net	Gross D:
1			...	
2			...	
3			...	
4			...	

Blend Ticket: 50446
Total Analysis: 62980
Total Lbs: 62980
Total Acres: 100.77

Grower ID: AndBa
Field ID: WireMid

At the completion of this process, inventory levels will be adjusted and this ticket will be elevated to a 'Loaded' status for billing.

	Product	Old Weight	New Weight	U/Wght	Analy	Fee	Scale	Prorate
1	Urea (46-0-0)	12600.000		1	Yes	No	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
2	Dap (18-46-00)	25190.000		1	Yes	No	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
3	Potash (0-0-60)	25190.000		1	Yes	No	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

Apply Total OK Cancel

5. On the *Select Scale Tickets* window, choose the Scale Ticket for Load 1. Choose **Select** to import the ticket.

Select Scale Tickets
