

Business Influence Overview Dashboard

Last Modified on 11/16/2022 2:09 pm CST

Purpose

The Business Influence Overview displays total sales for customers, including the sales of the customers they influence and how those sales are broken out per influencer. The Sales Totals include sales for all fiscal years in Agvance.

Details

All visualizations except the *Influencee* breakdown can be used as filters for the rest of the visualizations. Selecting a customer in the *Influencee* breakdown navigates to that customer in Customer.
