

Applicator Audit Log Dashboard

Last Modified on 05/31/2023 2:42 pm CDT

This dashboard displays jobs for selected applicators during the specified date range.

Purpose

The Applicator Audit Log dashboard displays a list of Blend Tickets assigned to an applicator within the specified date range and includes various details for review and research purposes.

Information for this dashboard comes from the Apply app and SKY Dispatch.

Details

The grid displays the *Blend Ticket Number*, *Customer Name*, *Field Name*, *Acres*, *Applicator Name*, *Blend Ticket Date Job Completed*, *Blend Ticket Job Start Time*, *Blend Ticket Job End Time*, and *Product Name*.

The dashboard can be filtered by *Applicator Name*, *Job Completed Date*, and *Blend Ticket Number*.

Results are sorted by *Blend Ticket Date Job Completed*.
