# Vendor Products Purchased Dashboard

Last Modified on 05/03/2022 10:17 am CDT

This dashboard is based on data from a scheduled extract that occurs daily.

Vendor Products Purchased

View Dashboard

Purpose

The Products Purchased dashboard displays a total purchased by dollar amount for various dimensions.

Details

This dashboard is based on non-voided Purchase Invoices. Each chart on the dashboard can be selected to filter the other charts. Hovering over cells displays additional information for that line item.

Those areas displaying the *Total Purchase Dollars* information includes the line item extension AND add-on charges that are of type Vendor Bill AND actual freight costs.

The *Products Purchased by Department* displays total dollars purchased based on the *Department Selection* drop-down menu in the upper right-side of the window. The available options are *Sales Class, Category,* or *Department Name.*

The *Products Purchased by Department Location* displays the total dollars purchased based on the department location.

The *Products Purchased by Manufacturer* displays the total dollars purchased by product manufacturer.

The *Products Purchased by Fiscal Month* displays the total dollars purchased by fiscal month.

The *Products Purchased by Vendor* displays the total dollars purchased by vendor.

The *Products Purchased by Products* displays the total dollars purchased by product. Only the top 10 products are displayed.
