

# Download NAIP Imagery

Last Modified on 02/23/2022 1:26 pm CST

NAIP imagery is available to download as an alternative imagery source. The following steps outline how to download and set up this imagery data.

## Setup

Go to <https://nracs.app.box.com/v/naip> to open the download page.

The screenshot shows the NRCS Box interface for the 'naip' folder. The interface includes a top navigation bar with the NRCS logo, a search bar, and 'Log in' and 'Sign up' buttons. A 'Download' button is located in the top right corner of the folder view. The main content area displays a table of files and folders. The table has columns for 'Name', 'Updated', and 'Size'. The 'Name' column lists folders for years from 2009 to 2012, and two PDF files: 'NAIP File Name.pdf' and 'Degree blocks by State.xlsx'. The 'Updated' column shows the date and user for each item. The 'Size' column shows the number of files or the file size in KB. A 'Details' panel on the right side of the table provides additional information about the selected item, including the owner (Paul Fukuhara), the environment (NRCS Pilot Environment), the creation date (Jan 30, 2017, 11:15 PM), the update date (Aug 7, 2017, 2:17 PM), and the total size (14.6 TB).

Name	Updated	Size	Details
2009	Aug 7, 2017 by Elaine Ortiz	2,058 Files	Owner: Paul Fukuhara
2013	May 8, 2017 by Paul Fukuhara	1,341 Files	Enterprise Owner: NRCS Pilot Environment
2014	May 8, 2017 by Paul Fukuhara	1,830 Files	Created: Jan 30, 2017, 11:15 PM
2015	May 8, 2017 by Paul Fukuhara	1,626 Files	Updated: Aug 7, 2017, 2:17 PM
2016	May 8, 2017 by Paul Fukuhara	1,520 Files	Size: 14.6 TB
2011	Mar 2, 2017 by Paul Fukuhara	1,071 Files	
2005	Feb 28, 2017 by Paul Fukuhara	2,448 Files	
2003	Feb 26, 2017 by Paul Fukuhara	1,027 Files	
2004	Feb 26, 2017 by Paul Fukuhara	2,053 Files	
2006	Feb 26, 2017 by Paul Fukuhara	2,937 Files	
2007	Feb 24, 2017 by Paul Fukuhara	1,099 Files	
2008	Feb 23, 2017 by Paul Fukuhara	1,516 Files	
2010	Feb 20, 2017 by Paul Fukuhara	2,438 Files	
2012	Feb 19, 2017 by Paul Fukuhara	1,634 Files	
NAIP File Name.pdf	May 8, 2017 by Paul Fukuhara	464.1 KB	
Degree blocks by State.xlsx	Feb 9, 2017 by Paul Fukuhara	102.2 KB	

Imagery is organized by year. Select the desired year, and then choose the state.

**Note:** Not all years contain imagery for all states.

After clicking on the state abbreviation, use the state's county codes (FIPS Code) to identify the desired county or counties to be downloaded. County FIPS codes can be found [here](#). The county code can be found inside the file name next to the state abbreviation. For example, in the image below, the county code is 173 for Shelby county.

naip > 2015 > il	
Name	
ortho_1-1_1n_s_il149_2015_1.zip	
ortho_1-1_1n_s_il183_2015_1.zip	
ortho_1-1_1n_s_i173_2015_1.zip	
ortho_1-1_1n_s_il031_2015_1.zip	
ortho_1-1_1n_s_il073_2015_1.zip	

Once downloaded, it is recommended to store the imagery in a *NAIP* folder on the root level of the server where the Agvance Database folder (typically named *AVDATA*) resides.

Imagery must be unzipped in the *NAIP* folder for Agvance Mapping to read the files.

Open Mapping, and select *SSI / Mapping Preferences*. Verify *Use BING* is unchecked. In the *Background Image Folder* area, use the browse button to select the location of the *NAIP* folder, and select **Save**.

SSI Mapping Preferences

Grower Name Display: Last Name First

Background Road Folder:  Use BING

Background Image Folder: \\tsfam-data\NAIP\ Use BING

Field Op Archive Folder:

Lime Rating Units: Pounds

Manure Rating Units: Pounds

Close Mapping, and reopen it to apply the changes.
