

Importing Blend (VRT) Scale Tickets

Last Modified on 11/13/2024 9:03 am CST

Blend Ticket (VRT) type Scale Tickets created in Scale Interface can be imported into a Blend Ticket in the Blending.

One or more of these Scale Tickets can be imported into a single Product line item on a Blend Ticket.

In Agvance Scale Interface, Blend Ticket (VRT) ticket types need to be added for the Customer. If a Blend Ticket was previously added in the Blending module, the Blend Ticket number can be selected and tied to the Scale Ticket. If a Blend Ticket is selected from the list, the Customer data element on the Scale Ticket will be populated and locked. The Products available for selection on the Product list will be the Products on that Blend Ticket.

The screenshot shows the 'Add a Scale Ticket (Scale 1)' window with the following fields and values:

- <Location>: 00MAIN
- Ticket Type: Blend Ticket (VRT)
- Ticket #: 55131
- Inbound or Outbound: Outbound
- <Blend Tk #>: 505
- Ticket Date: 06/11/2024
- <Weighmaster>: (empty)
- <Gross Weight>: 23480 lb
- <Tare Weight>: 13480 lb
- Net Weight: 10000 lb
- <Customer>: Jimmy Bummer
- Cust PO #: 13579
- <Product>: 28-0-0
- Lot Number: (empty)
- <Driver>: Kent Schneider
- <Vehicle>: TerraGator Unit 100
- <Trailer 1>: (empty)
- <Trailer 2>: (empty)
- <Freight Vendor>: (empty)
- Ready For Transfer:
- Print: (button)

Filter List: Direction Both (dropdown), Filter (button), Apply (button)

Auto Refresh: Secs 60 (dropdown)

Ticket #	Location	Date	Document Type	Direction	Customer Name	Comment 1	Product
55131	00MAIN	12/14/20...	Blend Ticket (VRT) *	Outbound	1Quote		28-0-0

Buttons: New, Save, Void, Delete, Close

Ticket #: (input field)

After Scale Tickets have been created, go into Blending and select the corresponding Blend Ticket and select **Edit**. Right-click **Edit to Actual**.
