

Windows Installer Internal Error 2755

Last Modified on 12/20/2022 4:38 pm CST

Q. Windows Installer Internal Error 2755 occurred while installing Agvance. How can this be resolved?

A. This error only happens when trying to install on Terminal Services using a remote connection. It is caused by a bug in Windows Installer/Terminal Services.

Reinstall while sitting at the Terminal Server console. This error is addressed in MSKB Article 255582.
