

Save Button on Blend Ticket is Not Available

Last Modified on 12/20/2022 4:36 pm CST

Q. When editing a Blend Ticket, the Save button is not available.

A. One possibility is that the Blend Ticket has been loaded and invoiced; therefore, no changes to the ticket can be made. Use the **Cancel** button to exit.

Another possibility is that the Blend Ticket has been loaded and transferred to field history.
