

# Update Scale Ticket Information

Last Modified on 01/06/2023 11:29 am CST

**Q. How to update the scale ticket price using the Update Scale Ticket Information utility.**

A. This process can be used to quickly update any scale ticket(s) on an assembly with new information.

Go to Grain / Utilities / Update Scale Ticket Information. Select the Assembly that has the Scale Ticket(s) that need to be updated.

Select the Scale Ticket(s) that need to be updated.

**Update Scale Ticket Information**

<Assembly #> 2 ? Location Main  
Commodity Corn

Select the Assembly to modify the Scale ticket information on. Select the scale tickets that you wish to update. Indicate with Grade Factors you want to calculate the PD Values for, and what other info to update.

Ticket #*	Date	Net Units	Base Price	Comments
2a	02/24/2006	1000.0000	2.0000	
2b	02/24/2006	481.2500	2.0000	
2c	02/24/2006	678.5700	2.0000	
2d	02/24/2006	1000.0000	2.0000
