# Recalculating Shrink on Scale Tickets

Last Modified on 12/21/2022 1:34 pm CST

This process should be used when a shrink table that has been applied to an Assembly Sheet has been modified or changed and needs to be done to reflect the modifications or changes on the related scale tickets.

To Recalculate Shrink on Scale Tickets:

Go to *Grain / Utilities / Recalculate Shrink/Dockage on Scale Tickets*.

Double-click on the Assembly heading.

Select the Assembly(ies) that need the shrink on the Scale Tickets recalculated. Click on **Done** when all are selected.

Select Assembly Sheet

Assembly	Location	Commodity	Cust ID	Customer Name*	Contract	DPR	Comment	COF	Split %
1010	East	SB	3CarAd	Carmex, Adam	3503	Basis Fixed			100.0000
1011	East	SB	3CarAd	Carmex, Adam		Priced Later			100.0000
1015	East	CN	3CarAd	Carmex, Adam		Priced			100.0000
1007	East	SB	3ConTo	Cone, Tony		Open Storage			100.0000
1018	East	CN	3KakJe	Kake, Jesse		Priced Later			100.0000
1019	East	CN	3KakJu	Kake, Justin		Open Storage			100.0000
