Information about Balance Sheet - Comparative Report in Grain. This report is available as part of the Advanced Reporting feature.

The Balance Sheet - Comparative report is a comparative financial report that lists the assets, liability, and capital accounts from the General Ledger. The report is divided into up to seven sections. Current assets are listed in the Current Assets Equivalents section. The intermediate assets are listed in the Property and Equipment section. Long term assets are listed in the Other Assets section. The Liabilities accounts are listed as they are on the Agvance Accounting Balance Sheet. The Capital accounts can have a user defined label as you type it in on the form next to Capital Heading.
