

Error 380 'Invalid Property Value' - Printing to PDF Factory Driver

Last Modified on 12/20/2022 11:22 am CST

Q. Receive 'Error 380 'Invalid Property Value'' while trying to print to a PDF Factory printer driver.

A. If the number of copies on the *Print* screen is greater than '1', this error will appear. To correct, change the number of copies to '1' and try to print to PDF Factory again.
