

Mobile Energy - GeoCode Tanks

Last Modified on 08/02/2022 9:12 am CDT

At **View Tanks**, the Latitude and Longitude of the tank displays. If the Lat/Long does not exist for the tank or it needs updated, click **Map**.

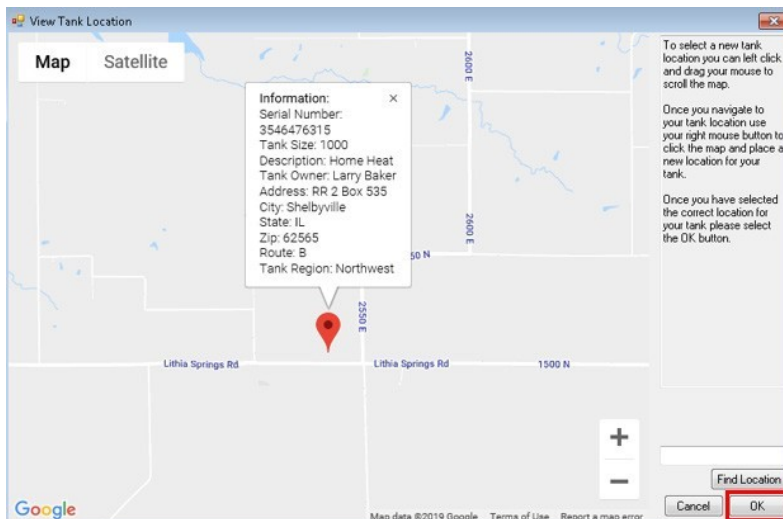

The screenshot shows a software window titled "Shift in Progress" with four tabs: Profile, Delivery Info, Regulators, and Rent / Lease. The Profile tab is active, displaying the following information:

- CustID: 1BakLa, Name: Larry Baker
- Serial #: 3546476315
- Equal Billing Info: Cycle (dropdown), Product (dropdown), Amount: 0.00
- Tank Size: 1000, Location: North (dropdown)
- Description: Home Heat
- Owner: Larry Baker, Driver (dropdown)
- Route: B, Salesperson ID (dropdown)
- Region: Northwest, Directions/Notes (text area)
- Billing Comments: Dogs don't bite, but bark alot! Go east of shelbyville 5 miles and Larry's house in the Green one on the corner.
- Tank Address: RR 2 Box 535

- Latitude: 3940661, Longitude: -888001

At the bottom of the window, there are four buttons: Save, Map (highlighted with a red box), Change Splits, and Cancel. The status bar at the bottom left shows the date 02/12/2019 and time 1:52 PM.

On the View Tank Location window, right click on the map to change a tank's location.

Hovering over the map pin displays more information about the tank. When the map pin is placed at the correct tank location, click **OK**.

Click **Save** to save the changes to the tank.
