

Scale Turnaround Agronomy Dashboard

Last Modified on 05/05/2022 4:36 pm CDT

Purpose

The Scale Turnaround Agronomy Dashboard is used to measure efficiency of trucks getting weighed on the scale.

Details

This could be trucks delivering product to customers or delivering to the retailer. If changes are made to their process, this dashboard helps determine if those changes are making things more efficient, less efficient, or have no impact.

Filter by *Ticket Location*, *Ticket Type*, and/or date range.
