Grain Activity Dashboard

This dashboard honors user restrictions based on login location.
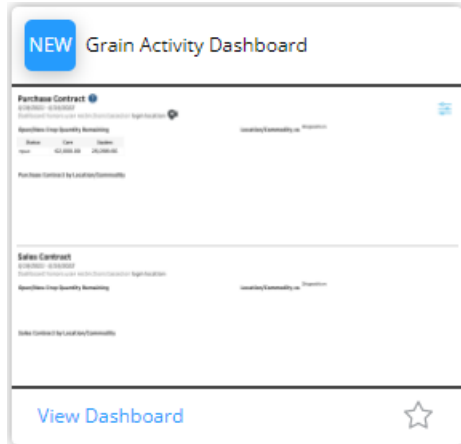

Purpose

The Grain Activity Dashboard gives the ability to see total units available for grain activity.

Details

Quick highlights of overall purchase quantity is available. The Open/New area does not follow the date range filters. Quantities are broken up by *Location*, *Commodity*, and *Bid Criteria* to display specifics. Filter by *Transaction Start* and *End Date*, *Contract Location*, *Commodity*, *Bid Criteria*, and *Status*.
