

SKY User Permissions Dashboard

Last Modified on 12/01/2023 1:35 pm CST

The SKY User Permissions dashboard shows each SKY user and their permissions regarding different SKY apps and features. This information is pulled from SKY Admin and any changes must be made by editing the user in SKY Admin.

SKY Application Permissions

The *SKY Application Permissions* tab lists each SKY user along with the *Last Activity* date and the SKY apps listed across the top. A checkmark in an app column indicates that user has access to the app in SKY.

Sort by *User Name* or *Last Activity*. Filters include *Active Status*, *SKY Application Name*, and *User Name*.

Sky App Permissions								Sky Feature Permissions		Sky User Roles	
Sky Application Permissions											
User Name	🔍	Last Activity	Analytics	Customer	Dispatch	Ledger	Mapping	Order			
Anna Admin (SSI)		2023-12-01	✓	✓	✓	✓			✓		
Jane Example		2023-10-09	✓	✓	✓	✓	✓		✓		
Joe Example		2023-03-29	✓	✓	✓	✓	✓		✓		

SKY Feature Permissions

The *SKY Feature Permissions* tab lists each SKY user along with all the permissions available for each SKY app. A checkmark indicates that user has that permission enabled.

Sort by *User Name* or *Last Activity*. Filters include *User Name*, *Active Status*, *Group*, and *Permission*.

Sky App Permissions								Sky Feature Permissions		Sky User Roles	
SKY Feature Permissions								Back to App Permissions			
User Name	🔍	Last Activity	Order								
			Blends	Bookings	Deliveries	Plans	Sales Orders	Work Orders			
Anna Admin (SSI)		2023-12-01	✓	✓	✓	✓	✓	✓			
Jane Example		2023-10-09								✓	
Joe Example		2023-03-29	✓	✓	✓	✓	✓	✓			

SKY User Roles

The SKY User Roles tab indicates what roles a user has like *Company Admin* or *Grower360 Admin*.

Filter by *User Name*, *Active Status*, or *Role*.

SKY User Roles						
User Name	Active Status	Role	Analytics Author	Company Admin	Grower 360 Admin	Order Admin
Anna Admin (SSI)		[No Role]	✓	✓	✓	✓
Jane Example			✓			
Joe Example						✓
