Integrations Tab in Company Settings - Agvance SKY Dispatch

Last Modified on 07/07/2026 8:59 am CDT

Information regarding Applicators and Vehicles is available on the *Integrations* tab under *Company Settings*. Integrations set up in **Agvance SKY Admin** under *Dispatch* will display here. Choose which Integrated Devices to view on the map under ***Personalize***.

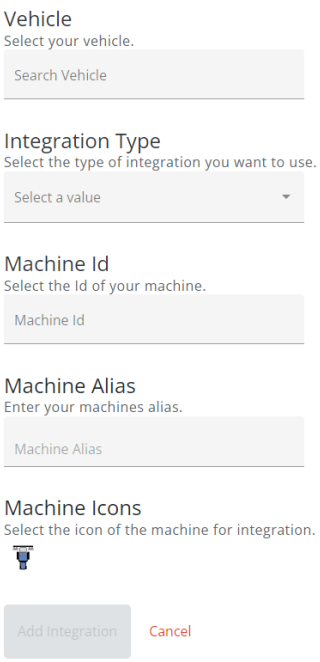

Add an Integration

To set up an Integration, select **+ Add Integration**.

Indicate the *Vehicle*, *Integration Type*, and *Machine Id* from the drop-downs. Enter a *Machine Alias* then choose a *Machine Icon*. When finished, select **Add Integration**.

Note: With *Navman* selected as the *Integration Type*, additional information must be entered in **Agvance SKY Admin** under *Dispatch*.

The *Integration Type* and *Machine Alias* display in the *Applicator* grid.
