

Integrations Tab in Company Settings - SKY Dispatch

Last Modified on 01/15/2026 2:16 pm CST

Information regarding Applicators and Vehicles is available on the *Integrations* tab under *Company Settings*.

[Integrations set up in SKY Admin](#) under *Dispatch* will display here. Choose which Integrated Devices to view on the map under [Personalize](#).

The screenshot displays the 'Integrations Setup' page in the SKY Dispatch interface. The page title is 'Integrations Setup' with the subtitle 'Link an Agvance Vehicle to an Integrated Device'. The top navigation bar shows 'General', 'Agvance Ops', 'Custom Tags', and 'Integrations'. The left sidebar contains 'JOBS', 'PEOPLE', and 'CUSTOMIZATION' sections. The 'CUSTOMIZATION' section is expanded, showing 'Company Settings' and 'Personalize'. The main content area features a table with the following columns: 'Vehicle', 'Integration Type', 'Machine ID', 'Machine Alias', and 'Map Icon'. The table lists three entries, all with 'Navman' as the Integration Type. A blue '+ Add Integration' button is located at the bottom right of the table. The bottom of the page shows 'Items per page' set to 50 and a pagination indicator '1 of 1'.

Vehicle	Integration Type	Machine ID	Machine Alias	Map Icon
Adams Nur...	Navman			
Vehicle De...	Navman			
Vehicle De...	Navman			

Add an Integration

To set up an Integration, select **+ Add Integration**.

Indicate the *Vehicle*, *Integration Type*, and *Machine Id* from the drop-downs. Enter a *Machine Alias* then choose a *Machine Icon*. When finished, select **Add Integration**.

Note: With *Navman* selected as the *Integration Type*, additional information must be entered in [SKY Admin](#) under *Dispatch*.

Vehicle

Select your vehicle.

Search Vehicle

Integration Type

Select the type of integration you want to use.

Select a value

Machine Id

Select the Id of your machine.

Machine Id

Machine Alias

Enter your machines alias.

Machine Alias

Machine Icons

Select the icon of the machine for integration.
