## Integrations Tab in Company Settings - SKY Dispatch

Last Modified on 02/06/2024 10:46 am CST

Information regarding Applicators and Vehicles is available on the *Integrations* tab under *Company Settings*. Integrations set up in SKY Admin under *Dispatch* will display here. Choose which Integrated Devices to view on the map under Personalize.

## Add an Integration

To set up an Integration, select + Add Integration.

Indicate the *Vehicle*, *Integration Type*, and *Machine Id* from the drop-downs. Enter a *Machine Alias* then choose a *Machine Icon*. When finished, select **Add Integration**.

**Note:** With *Navman* selected as the *Integration Type*, additional information must be entered in SKY Admin under *Dispatch*.
