

General Tab in Company Settings - SKY Dispatch

Last Modified on 01/22/2026 10:34 am CST

Type of Work Classification

Type of Work Classifications are Inventory Departments included in a Classification such as Dispatch Type of Work. Types of Work can be set up by selecting **Department Classifications** on the *Product* tab at *Hub / Setup / Company Preferences*. Choose **Add**, then enter the *Name* of the Department Classification. Double-click the Dept. ID or Department Name heading to choose the necessary service fee departments.

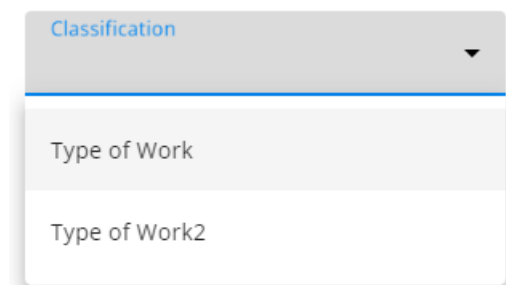

After setup is complete, select **Save**.

In SKY Dispatch, choose which Department Classification to use for Types of Work used in SKY Dispatch.

Note: Only one Classification can be selected at a time.
