

# Route Compliance Dashboard

Last Modified on 02/17/2026 10:09 am CST

## Purpose

The Route Compliance dashboard can be used to see the compliance percentage of what tanks by route were delivered to based on the Optimizer schedules so it can be quickly determined which routes fall under an accepted compliance threshold.

## Details

The **Printer** icon can be selected to navigate to a printer-friendly version of this dashboard. Filter by *Start Date/End Date*, *Status*, and/or *Route*.

- **Green** – Scheduled and delivered to.
- **Yellow** – Not scheduled, but delivered to.
- **Red** – Scheduled but not delivered to.
