

Supplier eLink EDN Import

Last Modified on 12/29/2025 11:14 am CST

Supplier eLink provides the ability to import supplier's Electronic Delivery Notices (EDN) for seed, and in some cases seed and crop protection. Those EDNs can then be imported into a Purchase Receipt in Agvance.

B2B login information, found at *B2B Setup / Setup / Electronic Delivery Notifications (EDN)*, is required for each Vendor utilizing the EDN web services. Setup information specific to individual Vendors can be found on the tabs below.

The screenshot shows a software interface titled 'Setup EDN'. It features a table with the following columns: <Vendor>, Web Service URL, <Logins>, Version, UOM Conv., Wsdl Version, Vendor Attribute, Supplier Name, Use Alt. Location Code, API Profile, and Business Process. There are four rows of data, each corresponding to a vendor: 1. Bayer Crop Science, 2. Brevant Seed, 3. Syngenta Seed, and 4. Winfield United. The 'Web Service URL' column contains blurred URLs. The 'Version' and 'Wsdl Version' columns are mostly set to 5.0 or 5.3. The 'Supplier Name' column lists the vendor names. The 'Business Process' column is empty. At the bottom right of the window are 'Save' and 'Cancel' buttons.

| <Vendor> | Web Service URL | <Logins> | Version | UOM Conv. | Wsdl Version | Vendor Attribute | Supplier Name | Use Alt. Location Code | API Profile | Business Process |
|-------------------------|-----------------|----------|---------|-----------|--------------|------------------|----------------|--------------------------|-------------|------------------|
| 1 Bayer Crop Science | ***** | 5.0 | (None) | 5.0 | 5.0 | AGIIS-EBID | Bayer CropS... | <input type="checkbox"/> | (None) | |
| 2 Brevant Seed | ***** | 5.0 | (None) | 5.0 | 5.0 | EDN-AGIIS... | Corteva | <input type="checkbox"/> | (None) | |
| 3 Syngenta Seed | ***** | 5.0 | (None) | 5.0 | 5.0 | EDN-AGIIS... | Syngenta | <input type="checkbox"/> | (None) | |
| 4 Winfield United | ***** | 5.3 | (None) | 5.3 | 5.3 | AGIIS-EBID | Winfield | <input type="checkbox"/> | (None) | |

Bayer CropScience

Seed EDNs Only

1. Within *B2B Setup*, navigate to *Setup / Electronic Delivery Notification (EDN)*.
2. In the *Select EDN* window, double-click the *Vendor* heading to choose the appropriate Vendor and select **Done**.
3. In the *URL* column, enter the following:
 - o <https://ewsprd.us.f4f.com/F4FInbound>
4. Double-click in the *Logins* column to select the *Agv. User* and enter the login information for each User accessing the EDN web services.
5. Enter 5.0 in the *Version* and *Wsdl Version* columns.
6. Choose the UOM conversion from the *UOM Conv.* drop-down. If not using UOM conversions, select *None*.
7. From the *Vendor Attribute* drop-down, select *AGIIS-EBID*.
8. Optionally, enter the name of the supplier in the *Supplier Name* column.
9. If utilizing the *Alternate Location Codes* set up at *B2B / Setup / E-Business / Locations*, select the *Use Alt. Location Code* checkbox.
10. Select **Save**.

Corteva

Seed EDNs Only

1. Within B2B Setup, navigate to *Setup / Electronic Delivery Notification (EDN)*.
2. In the Select EDN window, double-click the *Vendor* heading to choose the appropriate Vendor and select **Done**.
3. In the *URL* column, enter the following:
 - <https://mycogen.us.f4f.com/inbound>
4. Double-click in the *Logins* column to select the *Agv. User* and enter the login information for each User accessing the EDN web services.
5. Enter 5.0 in the *Version* and *Wsdl Version* columns.
6. Choose the UOM conversion from the *UOM Conv.* drop-down. If not using UOM conversions, select *None*.
7. From the *Vendor Attribute* drop-down, select *AGIIS-EBID*.
8. Optionally enter the name of the supplier in the *Supplier Name* column.
9. If utilizing the *Alternate Location Codes* set up at *B2B / Setup / E-Business / Locations*, select the *Use Alt. Location Code* checkbox.
10. Select **Save**.

Syngenta

Seed EDNs Only

1. Within B2B Setup, navigate to *Setup / Electronic Delivery Notification (EDN)*.
2. In the Select EDN window, double-click the *Vendor* heading to choose the appropriate Vendor and select **Done**.
3. In the *URL* column, enter the following:
 - [https://prod.oasis.pi.syngenta.com/XIAxisAdapter/MessageServlet?
senderService=Syngenta_Seeds_ShipNotice&receiverService=&interface=ShipNoticeList_Send_out_syn&
interfaceNamespace=urn:bp:o2c:se:nafta:Shipping:ShipNoticeList:100&version=3.0](https://prod.oasis.pi.syngenta.com/XIAxisAdapter/MessageServlet?senderService=Syngenta_Seeds_ShipNotice&receiverService=&interface=ShipNoticeList_Send_out_syn&interfaceNamespace=urn:bp:o2c:se:nafta:Shipping:ShipNoticeList:100&version=3.0)
4. Double-click in the *Logins* column to select the *Agv. User* and enter the login information below for each User accessing the EDN web services.
 - Username: TPINFXP100
 - Password: welcome1!
5. Enter 5.0 in the *Version* and *Wsdl Version* columns.
6. Choose the UOM conversion from the *UOM Conv.* drop-down. If not using UOM conversions, select *None*.
7. From the *Vendor Attribute* drop-down, select *AGIIS-EBID*.
8. Optionally enter the name of the supplier in the *Supplier Name* column.
9. If utilizing the *Alternate Location Codes* set up at *B2B / Setup / E-Business / Locations*, select the *Use Alt. Location Code* checkbox.
10. Select **Save**.

Winfield

Seed and Crop Protection EDNs

1. Within B2B Setup, navigate to *Setup / Electronic Delivery Notification (EDN)*.
2. In the *Select EDN* window, double-click the *Vendor* heading to choose the appropriate Vendor and select **Done**.
3. In the *URL* column, enter the following:
 - o <https://microservices.landolakes.com/v1/winfieldunited/ordermanagement/>
4. Double-click in the *Logins* column to select the Agv. User and enter the login information for each User accessing the EDN web services.
5. Enter 5.3 in the *Version* and *Wsdl Version* columns.
6. Choose the UOM conversion from the *UOM Conv.* drop-down. If not using UOM conversions, select *None*.
7. From the *Vendor Attribute* drop-down, select *EDN AGIIS-EBID*.
8. Optionally enter the name of the supplier in the *Supplier Name* column.
9. If utilizing the *Alternate Location Codes* set up at *B2B / Setup / E-Business / Locations*, select the *Use Alt. Location Code* checkbox.
10. Select **Save**.

Fertilizer EDNs

Requirements

- Ensure Agvance Version 7.0.28700 or higher is installed.
- Add a separate line in the B2B setup since a special Business Process tag is required (*SCShipNoticeWS_CN*).

Note: Best practice is to enter something in the *Supplier Name* column to distinguish normal EDNs from the Fertilizer EDNs.

- Enter *SCShipNoticeWS_CN* in the *Business Process* column for the fertilizer EDNs only.

| | <Vendor> | Web Service URL | <Logins> | Version | UOM Conv. | Wsdl Version | Vendor Attribute | Supplier Name | Use Alt. Location Code | API Profile | Business Process |
|---|--------------------|-----------------|----------|---------|-----------|--------------|------------------|----------------|--------------------------|-------------|-------------------|
| 1 | Bayer Crop Science | | ***** | 5.0 | (None) | 5.0 | AGIIS-EBID | Bayer CropS... | <input type="checkbox"/> | (None) | |
| 2 | Brevant Seed | | ***** | 5.0 | (None) | 5.0 | EDN-AGIIS... | Corteva | <input type="checkbox"/> | (None) | |
| 3 | Syngenta Seed | | ***** | 5.0 | (None) | 5.0 | EDN-AGIIS... | Syngenta | <input type="checkbox"/> | (None) | |
| 4 | Winfield United | | ***** | 5.3 | (None) | 5.3 | AGIIS-EBID | Winfield | <input type="checkbox"/> | (None) | |
| 5 | Winfield United | | ***** | 5.3 | (None) | 5.3 | GLN | WinfieldFert | <input type="checkbox"/> | (None) | SCShipNoticeWS_CN |

Note: When the *Business Process* column is blank, the normal Business Process tag of *SCShipNoticeWS_CN* is sent in the EDN Request_SOAP XML. Otherwise, what is set up in this column will replace the normal Business Process tag. To retrieve Winfield Fertilizer EDNs, it is suggested to set up *SCShipNoticeWS* as the Business Process tag.
