## Add a Grower Order by Importing a Sales Order -Supplier eLink

Last Modified on 01/31/2025 12:37 pm CST

Grower Orders can be created by importing an existing Sales Order.

- 1. Navigate to Accounting / Inventory / Manage Seed Orders / Grower Order. Choose Add and select the Vendor.
- 2. On the *Grower Orders* window, double-click *Customer Name*. Highlight the Grower's account and choose **Select**.
- 3. Choose Add PO to create a new Purchase Order, *Edit PO* to update an existing Purchase Order, or *No PO* to not create a Purchase Order.

- 6. Optionally, select **Prod Desc** to add additional Products to the Grower Plan. Submit the Grower Order to the Vendor by selecting **Order**.
- 7. Choose **Save**. A Booking is created and, depending on the Purchase setting, a Purchase Order may be added or an existing order is updated.
