June 2025 SKY Release Notes

Last Modified on 06/05/2025 1:36 pm CDT

Analytics

- **AN-3375 / MN RUP Dashboard Categories** – The MN Restricted Use Pesticide dashboard now includes the *Use Category* for the Customer's Federal Permit or Applicator License.
- **AN-3386 / Income Sheet Analysis** – On the Income Sheet Analysis dashboard, short years have their own column.
- **AN-3411 / Grower Recurring Monthly Payment** – A *Cancelled* filter is now available on the Grower Recurring Monthly Payment dashboard.
- **AN-3412 / Heartland Transaction Activity** – A filter has been added to this dashboard to choose in what time zone the dashboard should be displayed.

Order

- **SKYD-766 / Remove Ship From Location** – The *Ship From Location* can now be removed from all line items at one time with the **Remove All Locations** button when adding a **Blend** or **Delivery Ticket** in SKY Order.

Product

- **SV-1323 / Add Purchase Receipts** – Those with the User permission enabled in SKY Admin can now add **Purchase Receipts** in SKY Product.
