Maintenance - Agvance SKY Energy

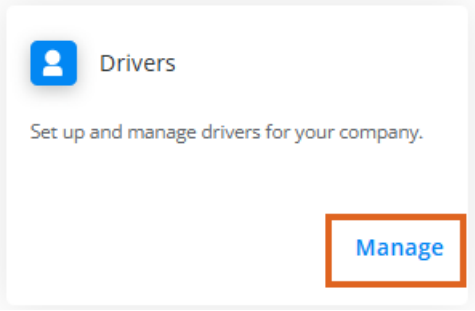

Last Modified on 11/02/2026 10:41 am CST

Agvance SKY Admin user permission is required to access Agvance SKY Energy Maintenance. Only those with the User Role *Energy Maintenance* permission checked will have access. Those without the permission will no longer have access to view *Drivers*, *Monitors* and *Vehicles* from the Maintenance menu.

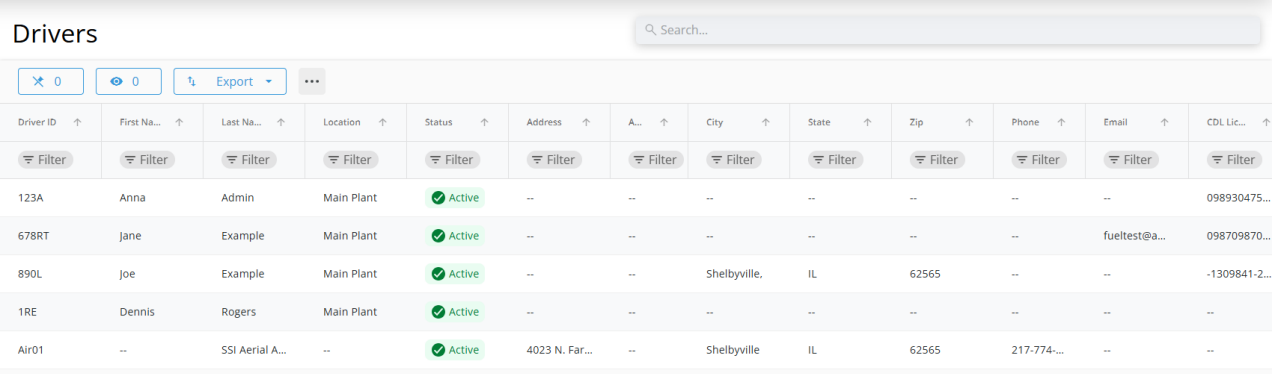

Drivers

On the *Maintenance* page in Agvance SKY Energy, choose **Manage** on the *Drivers* card to view Drivers for the company.

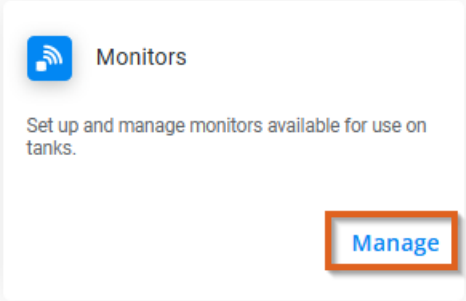

All Energy Drivers from Agvance Windows display in a **grid** that operates much like an Excel spreadsheet.

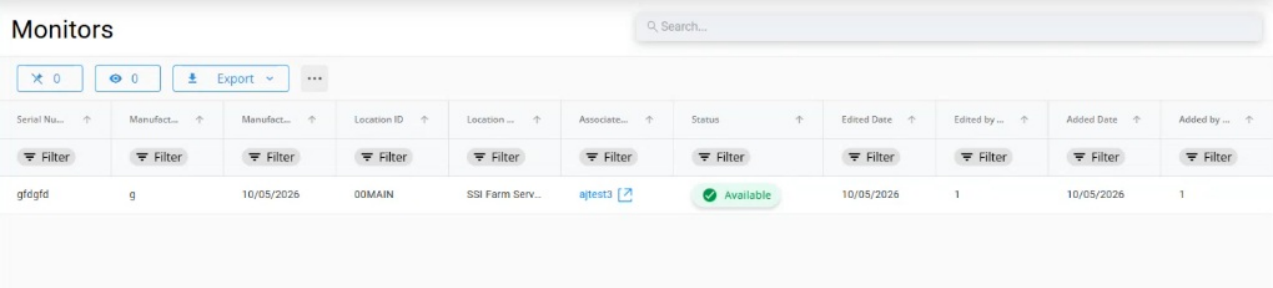

Monitors

On the *Maintenance* page in Agvance SKY Energy, choose **Manage** on the *Monitors* card to show a grid of all monitors in inventory.

All Tank Monitors from Agvance Windows display in a **grid** that operates much like an Excel spreadsheet. Filtering is allowed based on search terms.

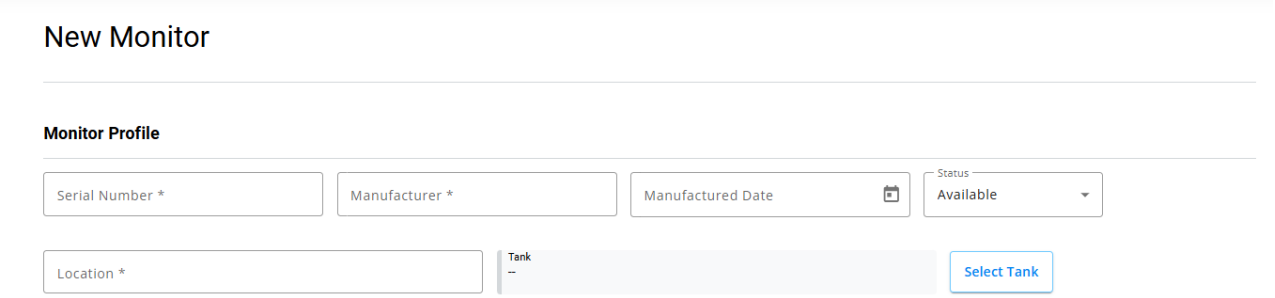

To add a new Monitor to inventory select **+ New Monitor** in the lower right corner.

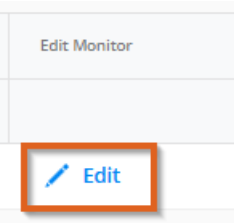

Fill in the following required and optional monitor details:

- **Serial Number** — Required field for an alpha numeric serial number up to 20 characters.
- **Manufacturer** — Required field. Autocompletes with preset vendors and custom values allowed.

    - Anova (Wesroc), Otodata (Neevo), SkyBitz, Tank Utility
- **Manufactured Date** — Optional field
- **Status** — Choose *Available*, *In Use*, or *Out of Service* from the dropdown. The default is *Available*.
- **Location** — Required field. Search field that brings up a location list to select the applicable Location.
- **Tank** — Optional field. Choose **Select Tank** to search only tanks that have no monitor assigned to them already.
- Validations:
    - A monitor with a duplicate *Serial Number* and *Manufacturer* of an already existing monitor can not be entered.
        - A validation panel displays on the form and marks both fields invalid. Editing either field clears the error.
- The process of saving, success, or failure displays at the bottom of the screen.
- If attempting to cancel with unsaved changes an alert displays.

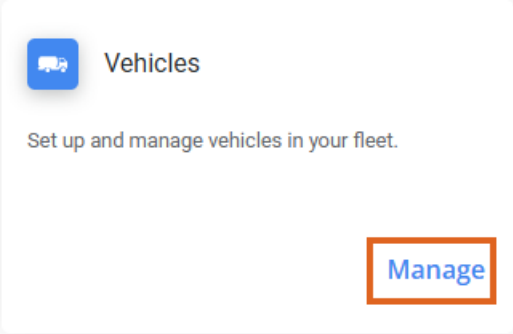

Edit monitor details by selecting **Edit** in the *Edit Monitor* column to make modifications to any field.

Vehicles

On the *Maintenance* page in Agvance SKY Energy, choose **Manage** on the *Vehicles* card to view fleet Vehicles for the company.

All Energy Vehicles from Agvance Windows display in a **grid** that operates much like an Excel spreadsheet.
