

Customer November 2025

Last Modified on 11/24/2025 3:33 pm CST

- **SKYW-4143 / Fields Grid View Selection** – *Selection* mode for Fields in SKY Customer defaults to **ON** in *Grid* view and **OFF** in *Card* view.
- **SKYW-4417 / Inactivating Fields** – When inactivating a Field with open (uninvoiced) Blend or Delivery Tickets in SKY Customer, a message displays to indicate there are open transactions and provide the option to **Inactivate** the Field or **Cancel**. This message is only displayed when inactivating Fields in SKY (not Windows Agvance).
