Order January 2026

- **SKYD-1077 / Single Delivery Ticket View/Print Additional Documents** – An **Export Documents** option now exists in the *Deliveries* grid in SKY Order, giving the ability to export *Bills of Lading*, *Delivery Tickets*, and/or *HazMat Sheets* for single Delivery Tickets.
    - **Why** – This gives access to additional documents for Delivery Tickets without needing to use Windows Agvance as well.
    - **When/Where** – This change can be seen in the *Deliveries* grid in SKY Order. The *Export Documents* column has replaced the *View PDF* column.
    - **Action Needed** – No action is required.
- **SKYD-1074 / Single Blend Ticket View/Print Additional Documents** – An **Export Documents** option now exists in the *Blends* grid in SKY Order, giving the ability to export *Blend Tickets*, *Custom App Sheets*, and/or *HazMat Sheets* for single Blend Tickets.
    - **Why** – This gives access to additional documents for Blend Tickets without needing to use Windows Agvance as well.
    - **When/Where** – This change can be seen in the *Blends* grid in SKY Order. The *Export Documents* column has replaced the *View Custom App PDF* and *View Blend PDF* columns.
    - **Action Needed** – No action is required.
