- **SV-2544 / Container Activity** – Container Activities can be performed regardless of whether the Container has an owning Location or not.
 - **Why** – Activities could not be performed if there was no owning Location.
 - **Action Needed** – No action required.
- **SV-2566 / Delivery Ticket Picked** – If a Product is not Picked and the Delivery Ticket is saved as Loaded, a message displays with options to **Add to New Ticket**, **Discard Product(s)**, or go **Back to Ticket**.
 - **Why** – This gives the ability to determine how underloaded Product(s) should be handled.
 - **When/Where** – This message displays when no Products on a line item is Picked or when a line item is short-picked when loading the Delivery Ticket.
 - **Action Needed** – No action required.
- **SV-2577 / Delivery Ticket List Price** – The List Price no longer prints on Delivery Tickets from the Warehouse app.
 - **Why** – Printing the List Price could cause issues with customers.
 - **When/Where** – When viewing the Delivery Ticket document, the *Unit Price* is displayed as 0.
 - **Action Needed** – No action required.
