

Order July 2026

Last Modified on 07/29/2026 1:40 pm CDT

- **SKYD-1275 / Customer Links** – For those with access to Agvance SKY Customer, selecting a **Customer** opens the corresponding *Overview* page.
 - **Why** – This gives the ability to quickly and easily review the Customer's profile from Order.
 - **When/Where** – Customer links are available from each transaction grid as well as the *Customer/Field* section when adding/editing transactions.
 - **Action Needed** – No action required.
- **SKYD-1364 / Price History** – Those with access to Agvance SKY Customer can select **Price History** to open Customer in a new tab and review the Product's previous Costs for that Customer.
 - **Why** – This gives the ability to review the Customer's Product price history when pricing transactions in Order.
 - **When/Where** – The **Price History** link is available when adding/editing Blends, Plans, Bookings, Sales Orders, and Deliveries.
 - **Action Needed** – This link is only available to those with access to Agvance SKY Customer.
- **SKYD-1016 / Batch Breakdown** – A *Batch Breakdown* tab is now available to calculate the number of batches based on capacity.
 - **Why** – This gives the ability to calculate the Batch Breakdown efficiently all within Agvance SKY Order.
 - **When/Where** – The Batch Breakdown is available when adding/editing Blends and Plans.
 - **Action Needed** – No action required.
