

4.1.2 | 08.03.2026

Last Modified on 08/03/2026 4:37 pm CDT

Release Notes

- **SKYC-4138 / Minimum Operating System Requirements** – The minimum operating system versions required to use Agvance Ops have been updated to ensure compatibility with current, supported systems.
 - **Why** – Updated minimum OS requirements ensure users have access to current security patches and system stability improvements
 - **When/Where** – When downloading or updating Agvance Ops from the app store.
 - **Action Needed** – Users must ensure their device is running the supported operating systems to download or use the app. New minimum requirements are:
 - iOS 15.8.7 or later
 - Android Version 11 or later
