

Supplier Information - Supplier eLink

Last Modified on 10/22/2026 2:54 pm CDT

Bayer

Typical brand names include DeKalb and Asgrow.

Processes

- **Price Sheet** – Allows the supplier's available pricing information to be imported for the current season by Vendor, Price Zone, and Product Crop Code.
- **Grower Orders** – Transaction which requests seed from a supplier for a specific Grower.
- **Electronic BOL** – Used for tracking Product shipments (EDNs & ESNs).
- **Inventory Snapshot** – Export the inventory amount on hand and quantity sold on Grower Orders not yet delivered/invoiced.
- **GPOS** – Report Bayer seed sales and associated Grower information to the Vendor.

XML Message

When working with Suppliers, there may be times when a feature is referred to by the Supplier name rather than the Agvance name.

The table below lists various Agvance Seed features and the Supplier's corresponding name.

Agvance Feature	Supplier XML Message Name
Price Sheet	Price Sheet
PAL - Product Availability Listing	PAL
Grower Order	Order Change
Grower Order Reconciliation	Product Booking Summary
Dealer Order Reconciliation	Retail Order Summary
Change Log	Change Log
EDN - Electronic Delivery Notice	ASN or Ship Notice

Location GLNs

Depending on the process type, Sold To and/or Ship To Locations GLNs are included in the B2B message. The chart below indicates whether the Sold To or Ship To is sent for each B2B message type.

B2B Setup Menu	Message	Send Primary (Sold To)	Send Alternate (Ship To)
Setup / Seed Orders	Grower Orders	✓	

Setup / Price Sheet	Price Sheet	✓	
Setup / Electronic Delivery Notifications	EDNs (Seed)		✓

Winfield

Typical brand names include Croplan and Land o' Lakes.

Processes

- **Price Sheet** – Allows the supplier's available pricing information to be imported for the current season by Vendor, Price Zone, and Product Crop Code.
- **Grower Orders** – Transaction which requests seed from a supplier for a specific Grower.
- **Electronic BOL** – Used for tracking Product shipments (EDNs & ESNs).
- **Cost Sheet** – Import Product cost and Supplier Product ID and Unit of Measure cross-references for Winfield Crop Protection Products (CPP).
- **Purchase Order** – Send Crop Protection Purchase Orders directly to Winfield.

XML Message

When working with Suppliers, there may be times when a feature is referred to by the Supplier name rather than the Agvance name.

The table below lists various Agvance Seed and CPP features and the Supplier's corresponding name. For instance, in Agvance a Purchase Order is created for CPP, which is referred to as Order Create by Winfield.

Agvance Feature	Supplier XML Message Name
Seed	
Price Sheet	Price Sheet
